

Skin boosters

Hydrate. Plump. Glow.

At **Obsessive Beauty**, our Skin Booster treatments are designed to deeply hydrate, smooth, and revitalise tired, dull, or ageing skin from the inside out. Unlike traditional dermal fillers that shape or add volume, Skin Boosters work beneath the surface to improve skin quality, texture, and luminosity — delivering that fresh, dewy glow we all love.

What Are Skin Boosters?

Skin Boosters are ultra-hydrating injectable treatments that use **hyaluronic acid** — a substance naturally found in the body — to nourish and restore the skin. The product is injected just beneath the surface to attract moisture, improve elasticity, and stimulate collagen production over time.

Benefits of Skin Boosters

- Intense hydration
- Smoother, firmer skin texture
- Brighter, healthier-looking complexion
- Reduced fine lines and crepey skin
- Restored skin elasticity
- Natural, radiant glow

Common Treatment Areas

- Face (especially cheeks and under eyes)
- Neck
- Décolletage
- Hands
- Acne-scarred or sun-damaged skin
